

Statement by Muhammad Nisar UL MURTAZA –

30 September 2020

Thanks for organizing this forum.

I have an urgent family commitment this evening and my apologies that I will be unable to attend tonight's forum.

If possible would you be able to convey my message to fellow candidates and attendees, and I request if there are questions attendees want to refer to me, they can email me on my email address and I will try to respond to those questions at my earliest.

My statement /message:

"Good evening everyone and thanks you to John, Nerida and climate action Moreland team for organizing this wonderful forum.

My name is " Muhammad Nisar UL MURTAZA" , I am running for local council elections from North -East Ward of Moreland City Council.

I am father of three teenage boys and my professions is training and employment. I am currently working as Warehouse and Logistics Manager. I am an active community member and for about last seven years, I have been representing diverse communities living in the area at different forums. I always strived to promote culture of respect and social harmony.

I am a strong advocate of promoting sustainable energies and to my understanding we should actively respond to climate change. We need to make our streets safer and greener. It is also a need of time to promote benefits of shifting to renewable energies and make policies to educate our youth to become ambassador of this change.

If elected, I will be the part of a team to campaign for sustainable transport and promote more sustainable methods of transport including walking, cycling and using public transport. I will also campaign for establishing a solar laboratories to promote renewable energies such as Solar and other forms of renewable energies as I was part of a team ten years ago to establish solar lab in Islamabad in collaboration of German Solar. It was very helpful in promoting renewable energies."

Thanks everyone,

Regards,
Muhammad Nisar Ul Murtaza
Candidate for North-East Ward, Moreland City Council.
