

# Wills Candidates Forum for a safe, healthy, & sustainable future

## Federal Election 2025

Join local climate action groups for an important community forum where we'll be posing the below questions to local candidates.

Will you reform our broken nature laws to stop the bulldozing of our bush and protect our threatened plants and animals?

Stand up to the climate wreckers profiting from destruction and say no to new coal and gas?

Come along and ask questions about the issues that matter to you. Submit your questions when you RSVP, or ask them on the night! We've invited all Wills candidates, including Peter Khalil (ALP), Samantha Ratnam (Greens), Owen Miller (Fusion Party) and Sue Bolton (Socialist Alliance).

This forum will be MCd by Kelly O'Shannassy, CEO of the Australian Conservation Foundation, with guest speakers Sarah Hussein from Merri Food Hub, and Dr Ben Dunne from Doctors for the Environment Australia.

**Time:** 6pm BBQ, 6:30pm - 8pm forum

**Date:** Tuesday 18 March

**Location:** 19 Victoria Street, Coburg (Uniting Church Hall)
